**14 CFR Part 71**

**[Docket No. FAA-2016-4172; Airspace Docket No. 16-ASW-7]**

**Amendment of Class E Airspace for the following Arkansas Towns; Blytheville, AR; Brinkley, AR; Clarksville, AR; and DeQueen, AR**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action modifies Class E airspace extending upward from 700 feet above the surface at Arkansas International Airport, Blytheville, AR; Blytheville Municipal Airport, Blytheville, AR; Frank Federer Memorial Airport, Brinkley, AR; Clarksville Municipal Airport, Clarksville, AR; and J. Lynn Helms Sevier County Airport, De Queen, AR. Decommissioning of non-directional radio beacons (NDBs), cancellation of NDB approaches, and implementation of area navigation (RNAV) procedures have made this action necessary for the safety and management of Instrument Flight Rules (IFR) operations at the above airports. This action also updates the name of Arkansas International Airport, and the geographic coordinates for Arkansas International Airport, Blytheville Municipal Airport, and Clarksville Municipal Airport, to coincide with the FAA's aeronautical database.

**DATES:** Effective 0901 UTC, March 2, 2017. The Director of the Federal Register approves this incorporation by reference action under Title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming

amendments.

#### **SUPPLEMENTARY INFORMATION:**

##### **Authority for this Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it

amends Class E airspace at Arkansas International Airport, Blytheville, AR; Blytheville Municipal Airport, Blytheville, AR; Frank Federer Memorial Airport, Brinkley, AR; Clarksville Municipal Airport, Clarksville, AR; and J. Lynn Helms Sevier County Airport, De Queen, AR.

### **History**

On May 3, 2016, the FAA published in the FEDERAL REGISTER a notice of proposed rulemaking (NPRM), (81 FR 26505) Docket No. FAA-2016-4172, to modify Class E airspace at Arkansas International Airport, Blytheville, AR; Blytheville Municipal Airport, Blytheville, AR; Frank Federer Memorial Airport, Brinkley, AR; Clarksville Municipal Airport, Clarksville, AR; and J. Lynn Helms Sevier County Airport, De Queen, AR. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11A, dated August 3, 2016, and effective September 15, 2016, which is incorporated by reference in 14 CFR Part 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.

### **Availability and Summary of Documents for Incorporation by Reference**

This document amends FAA Order 7400.11A, Airspace Designations and Reporting Points, dated August 3, 2016, and effective September 15, 2016. FAA Order 7400.11A is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11A lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

### **The Rule**

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 modifies Class E airspace extending upward from 700 feet above the surface at the following airports:

Within 7-mile radius (reduced from an 8-mile radius) of Arkansas International Airport (formerly Eaker AFB), and within a 6.5-mile radius (reduced from a 7-mile radius) of Blytheville Municipal Airport, Blytheville, AR, and updates the airport's geographic coordinates;

By removing the 7.3-mile extension to the north from the 6.4-mile radius of Frank Federer Memorial Airport, Brinkley, AR;

Within a 7.3-mile radius (reduced from a 7.4-mile radius) of Clarksville Municipal Airport, Clarksville, AR, and updates the airport's geographic coordinates; and

Within a 6.5-mile radius (increased from a 6.4-mile radius) of J. Lynn Helms Sevier County Airport, De Queen, AR.

Airspace reconfiguration is necessary due to the decommissioning of NDBs, cancellation of NDB approaches, or implementation of RNAV procedures at the above airports. Controlled airspace is necessary for the safety and management of the standard instrument approach procedures for IFR operations at these airports.

### **Regulatory Notices and Analyses**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR

11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

### **Environmental Review**

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” paragraph 5-6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

### **Lists of Subjects in 14 CFR Part 71:**

Airspace, Incorporation by reference, Navigation (Air).

### **Adoption of the Amendment:**

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR Part 71 as follows:

### **PART 71 --DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

1. The authority citation for Part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

#### **§71.1 [Amended]**

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11A, Airspace Designations and Reporting Points, dated August 3, 2016, and effective September

15, 2016, is amended as follows:
